

Spalte 'Name'

The diagram illustrates a mapping from a column header to a specific row in a table. On the left, a vertical column of six white boxes with black borders contains the names: Hoyer, Sulkowski, Breß, Fritz, Meier, and Schmidt. An arrow points from the text 'Spalte 'Name'' to the top of this column. A horizontal arrow points from the 'Breß' row to the text 'Zeile i'. From 'Zeile i', another horizontal arrow points to a yellow box on the right. This yellow box has a folded top-right corner and contains the text 'RowPage #2' and '... 'Breß' ...'.

Hoyer
Sulkowski
Breß
Fritz
Meier
Schmidt

→ Zeile i

RowPage #2

... 'Breß' ...
